

**Disease Germs****Can't Harm Healthy Human Bodies**

These germs are in the air we breathe, the water we drink, the food we eat, and on things we touch.

They are everywhere; but modern science tells us that nowhere need we fear them if we have healthy bodies.

We cannot have healthy bodies unless we have the kind of blood Hood's Sarsaparilla makes.

This great medicine has an unequalled, unapproached record for purifying and enriching the blood.

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, dyspepsia, loss of appetite, general debility, and builds up the whole system.

It increases the power of resistance to all infectious and contagious diseases—the grip, typhoid fever, spotted fever, smallpox, scarlet fever, diphtheria, malaria, tuberculosis or consumption.

Get Hood's Sarsaparilla today. In usual liquid form or in chocolate tablets known as Sarsatabs. 100 Doses One Dollar.

**DOE BRINGS SUIT AGAINST JESSE BURKETT**

Former Part Owner of Worcester Base Ball Team Alleges \$1,750 Is Due Him on Sale of Players.

Boston, Nov. 4.—Alfred G. Doe of this city has brought suit in the superior court against the Worcester base ball club and its treasurer, Jesse C. Burkett, to recover \$1,750 received by the club for the sale of Chester Chadbourne, an outfielder, to the Boston American team, and Alfred Bushey, a pitcher, to the Boston Nationals.

Doe claims that under a contract made with the Worcester base ball club October 10, 1906, he was the owner in base ball parlance of Chadbourne, Burkett and Harry Lord, a third baseman, and the club agreed to continue playing them and paying their salaries and not to release them or dispose of them except he notified them.

He alleges that without his authority and in violation of the contract the Worcester club, through its treasurer, who was then Burkett, sold Chadbourne and two other players of the team to the Boston American club for \$1,000 each in order to effect the release of Burkett, who was then under contract as a player with the Boston American team.

**CROUP QUICKLY CURED.**

Don't Let The Child Choke to Death While Waiting For The Doctor.

Croup should have prompt treatment. The life of many a dear one has been sacrificed because the right remedy was not at hand.

Pay close attention to the child who is feverish, thirsty, and occasionally coughs dryly and shrilly. This is the first stage of croup, and instant treatment should be given.

Hymel, the miraculous, antiseptic dry air treatment, will cure croup in either the first or second stages. Easily inhaled, even when the breathing is irregular, it reaches more promptly than any other remedy the terribly inflamed membrane of the windpipe. Its soothing balsams act immediately, the inflammation is allayed, and the swelling reduced.

Not long ago our little boy, Walter, awoke in the night with a bad attack of croup, so that he experienced great difficulty in breathing. We allowed him to inhale Hymel, and he immediately began to breathe easier, and in half an hour was fast asleep. Our children, being subject to croup, we feel safe with Hymel in the house, and I am glad to speak a good word for a remedy that will rob croup of its terrors.—Rev. Geo. Sisson, pastor of M. E. church, South Londonderry, Vt.

Hymel (pronounced High-o-mel) is the quickest acting and most sensible remedy ever discovered for all diseases of the nose, throat and lungs. It is guaranteed by The Red Cross Pharmacy to cure catarrh, coughs, colds, asthma, bronchitis and croup, or money back. A complete outfit, including a neat hard rubber pocket inhaler, costs only \$1.00. An extra bottle of Hymel, if afterwards needed, cost but 50 cents.

**FIRE Insurance Rates REDUCED**

Seventeen old reliable Stock Companies and five Mutuals Take your choice. Call and investigate. Any competition met, in companies that have had an experience of from 25 to 100 years.

**FALL BULB TIME!**

Just the season now to plant bulbs either indoors in pots, or outdoors in the ground. Have the highest grade Tulip, Narcissus, Chinese Lily and Hyacinth bulbs obtainable—some we use ourselves and strongly recommend. Not expensive. Tel. store 9-21. Greenhouse 201 11.

EMSLIE CO., FLORISTS, 65 N. Main St., Barre, Vt.

**DEMOCRATS GAIN IN BARRE**

Bryan Much Stronger Than Parker Four Years Ago.

**AN INCREASE IN TOTAL**

There Was Also a Gain for Bryan in Montpelier, Where the Total Vote Fell Off Slightly—A Quiet Day Generally.

Taft carried Barre City by a majority of 288 over Bryan yesterday, showing a Democratic gain over four years ago, when Roosevelt and Parker were the Republican and the Democratic nominees, respectively. Taft's vote was 771, in contrast to Roosevelt's 518 four years ago, while Bryan polled 473, against Parker's 260. The city cast a larger vote by 126 than four years ago in spite of the fact that the local election was marked by the greatest apathy.

The polls closed at five o'clock, after being open since ten o'clock in the morning. There was little activity on the part of party leaders, and the voters in the main were left to their own efforts to get to the polling places. No disturbance was noted about the polling places.

Taft carried every ward in the city by fair majorities, the closest fighting being in the sixth ward. The prohibitionist vote fell off, while there was no comparison of the Socialist strength, as there was no Socialist ticket filed this year. In the place of it, the Independent League polled 53 votes this year.

The voting by wards was as follows:

Rep.	Dem.	Pro. Ind.	
Ward 1	150	94	9
Ward 2	196	74	5
Ward 3	172	125	5
Ward 4	85	63	1
Ward 5	76	46	0
Ward 6	92	71	2
Totals	771	473	22

**IN MONTPELIER.**

Bryan Made a Slight Gain: Total Vote Fell Off.

Taft Bryan Chaffin Higgen 745 448 35

The total vote fell off five ballots.

**WASHINGTON COUNTY VOTE.**

Democrats Show Considerable Gain Over Four Years Ago.

The vote by towns in Washington county was as follows:

	Rep.	Dem.	Pro. Ind.
Barre City	771	473	22
Barre Town	231	117	5
Berlin	87	25	1
Chabot	132	40	3
Colais	95	29	0
Duxbury	67	17	4
East Montpelier	105	15	1
Fayston	35	7	0
Marshfield	88	22	0
Middlesex	71	26	4
Montpelier	745	348	8
Moretown	56	22	0
Northfield	345	182	3
Plainfield	81	37	3
Waterbury	295	85	8
W. Roxbury	79	57	0
Waitsfield	100	11	1
Warren	121	17	1
Woodbury	70	27	1
Worcester	62	23	4
Totals	3636	1579	69

\* Populist ticket received 1 vote in Roxbury.

Four years ago the Washington county vote was as follows:

Rep.	Dem.	Pro.	Soc.
3790	1238	85	115

**FARMER'S FEAT DANGEROUS.**

Will Not Help Aviation, Says Wilbur Wright.

Paris, Nov. 4.—Wilbur Wright was interviewed yesterday on the subject of the recent successful aeroplane flights made by Farman and Bleriot.

He said he had no intention of imitating them, as he considers cross country trips quite useless, and he is convinced that his method of careful practice in turning over a prescribed course will result in the super advance of aviation.

The National Aerial league has decided to erect a monument at the spot where Henry Farman landed at Rheims Friday, after his successful flight from Mourmelon. Mr. Wright said:

"I do not believe such demonstrations help to forward the art of mechanical flight. If I did I should have undertaken such a thing a long time ago. The fact that the public imagination is stirred is often a drawback. At certain stages of any problem the public, as represented by the newspapers, requires a sensation and rarely looks at the problem scientifically."

"Why were the crowds at Le Mans after my brother's unfortunate fall greater than previously? Simply because many imagined that I should meet with the same fate, or that, at any rate, they would see something which would give them that thrill in which all crowds delight."

"For the time being I have no intention of driving my machine from one city to another. My brother and myself always refused to be drawn. I do not like to see the flying art developed along these lines. For the time being there is grave danger in it, and I look forward with the deepest apprehension to the time when large numbers of flying machines will be built and in the hands of reckless people. Because Mr. Farman succeeded, in good weather, in passing from one point to another without harm it must not be imagined that the danger line has been crossed. On the contrary, flights of this kind may occasionally take place in safety, owing to the skill and daring of the pilot, but if they become at all general there will be such a shoal of accidents that the movement will receive a severe check. More perfect machines are required before voyages can be made in safety. I think these machines can be better developed by following the method adopted by my brother and myself than by any other yet tried—that is, quiet practice, indifference to public opinion and infinite caution."

**CURES CATARRH**

Rickert & Wells Will Furnish the Medicine Free in Every Case Where They Fail to Cure Catarrh.

Neglect or pessimism we believe is the greatest enemy the public have to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached, consumption is curable. Catarrh is responsible, we believe, for every case of consumption. It is about catarrh we want to talk to you to-day, incidentally consumption, since the two are so closely allied.

We have a medicine made from the prescription of one of the most successful catarrh specialists known. This medicine has a record of 98 per cent. of cures, and we believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time and fails to cure and give satisfaction in every particular. We want everyone in Barre to try this medicine at our risk. There are no conditions or formalities attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is REXALL MUCO-TONE. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It seeks out and destroys the germs or parasites which cause catarrh. It purifies and enriches the blood, tones up the mucous cells, soothes and heals the tissues that are ravaged by the catarrhal parasite, and brings about a condition of health and strength that prevents the germs of consumption from ever getting a start. Besides this, REXALL MUCO-TONE is a wonderful appetizer, digestive aid and flesh builder. Its good effects are felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with. We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. REXALL MUCO-TONE comes in two sizes, 50c and \$1.00. We urge you to try it. Rickert & Wells, the Red Cross Pharmacy, Miles' granite block.

**CUBS CUT UP.**

Chance and Murphy Disagree Over the Proposed Trades.

Chicago, Nov. 4.—Verification of the report that President Charles Webb Murphy and Frank Leroy Chance had a disagreement which may result in a split in the ranks of the world base ball champion Chicago Cubs is at hand. Chance stated just before leaving for his California home that he had taken his stand in the case and that unless Mr. Murphy could put forth an argument that would show him that he, Chance, was wrong, he would not give in in any way. He said that money had not been the cause of the disagreement, but intimated that he would not stand for any deals or trades with any other club. He says that if he and Murphy cannot reach an agreement, the best plan would be to trade him to Cincinnati for Lobert, Hohltzel and a cash consideration. Murphy stated that the row had been caused by a trivial matter and could easily be settled.

Ten Girls and One Man Make Up This Eleven.

St. Louis, Oct. 4.—Boys, how would you like to buck against a girls' foot ball eleven?

The St. Louis college girls' foot ball club, composed of ten girls and one man, has issued a challenge to any high school eleven. The team will play anywhere, any time and promises to put up as spectacular a game of foot ball as any boys' high school eleven in the state. The team averages about 140 pounds and is composed of good women athletes.

This eleven has been playing for about a month and has defeated some of the best teams in eastern Missouri. The girls use the forward pass and outside kick successfully and resort to the new style of open play to win games. They are not very good line plungers, but are strong in defense. This is one of the first girls' foot ball teams to go on the road and be successful, although several have tried.

**Electric Light**

Beautifies the Home, makes everything cheerful; it decorates.

Saves Strength—No Dirt  
Saves Walls—No Matches  
Saves Lungs—No Fumes  
Saves Money—No Doctors

It's the ONLY wholesome light, and the price is right—1-2c per hour for 20 candles of soft, rich, mellow light.

**VERMONT GAVE REDUCED VOTE**

Taft's Plurality Slightly Under Roosevelt's.

**GAVE 27,994 OVER BRYAN**

Chairman William of the Republican State Committee Was Very Pleased at the Result—Notifies Chairman Hitchcock.

With practically no effort on either side, Vermont went for Taft yesterday by 27,994 plurality over Bryan. There was a slight reduction in the Republican vote, while the Democrats gained 1,717 votes, thus cutting down the Republican plurality of the last presidential election, which was 29,682 over all candidates.

Chairman Williams of the Republican state committee received the returns from the state election at the State House in Montpelier, and he was also in communication with Chairman Hitchcock of the national committee. His first report to Hitchcock was that Vermont had gone for Taft by 25,000—figures which he has set several days ago. Subsequent examination of the returns showed that the plurality was considerably larger than that and the corrected returns were sent on to Chairman Hitchcock.

The vote of the two leading candidates, or their presidential electors, by counties was as follows:

	Taft.	Bryan.
Addison	3,161	446
Bennington	2,423	722
Caledonia	2,829	852
Chittenden	7,792	1,650
Essex	732	315
Franklin	2,390	1,042
Grand Isle	363	185
Lamoille	1,456	369
Orange	2,356	643
Orleans	2,532	392
Rutland	5,508	1,511
Washington	3,829	1,614
Windham	3,640	897
Windsor	4,587	915
Totals	39,488	11,494

The total vote cast in Vermont four years ago was 51,888. The vote of Taft and Bryan yesterday was 50,982, which with the prohibition and the Independent party votes would bring the total slightly above that cast in the 1904 presidential election.

Higgen's vote in Vermont was 917.

**CHAIRMAN WILLIAMS WAS VERY PLEASED**

The Taft Plurality Exceeded His Anticipation and Was Greater Than He Had Promised Hitchcock.

Chairman F. C. Williams of the Republican state committee was overjoyed when seen at Montpelier late last night after receiving the returns from Vermont. The plurality was far ahead of his expectation and several thousand more than he had warned Chairman Hitchcock of the Republican national committee that it would probably be. He said when interviewed by a Times representative:

"I am very much pleased at the returns in view of the fact that not a bit of work has been put in since the September election. It indicates perhaps that so much work doesn't amount to a great deal after all. In response to inquiries from Chairman Hitchcock last Saturday, and again on Sunday, I wired him that Vermont's plurality would probably be 25,000. But you see we have beaten those figures."

**LONGBOAT A PROFESSIONAL.**

Canadian Indian Runner Officially Has Left Amateur Ranks.

Ottawa, Nov. 4.—Tom Longboat, the Indian runner, has officially become a professional. The Indian will be transferred to the professional ranks under Thomas Flanagan's management, and the money he earns will be turned over to a committee composed of W. J. Little of the Montreal Star, John J. Ward, controller of Toronto, and Rev. J. D. Morrow, these three to invest the money for Longboat's future use.

Flanagan will enter negotiations for a race with Pietro Dorando, the Italian, at Madison Square Garden Thanksgiving day.

**BETTER EYE-SIGHT THAN YOUR OWN.**

Cannot be found if your eyes are perfect—but are they? Do you suffer from constant headaches? Do small black specks appear to your vision while reading? Do your eyes tire easily and thus cause you discomfort? These are strong indications of optic troubles that may be quickly relieved by properly fitted glasses.

WE CAN FURNISH THE GLASSES.  
We will see you Mondays, Tuesdays and Wednesdays at E. L. Taylor's Optical Parlor, 9 Morse Bldg., Barre.

**TWO BIG BUILDINGS FALL INTO THE ARKANSAS**

Danger That Court House and Hotel Will Soon Follow Suit.

Pine Bluff, Ark., Nov. 4.—Two large brick cotton warehouses tumbled into the Arkansas river, following the continuous caving in of the banks of the Arkansas river.

The Hotel Jefferson and the Jefferson county court house also are in danger of falling into the river, which is continuing to eat its way into the heart of the business district. Thousands of dollars worth of property is endangered. Hundreds of trees are being tied at the water's edge without effect.

Several small cottages have been carried down stream and a large plantation on the north side of the river is gradually disappearing.

**THREE CASES DISMISSED.**

In Bankruptcy Court at Montpelier on Monday.

Three cases were disposed of in bankruptcy court Monday afternoon by Referee W. N. Thierault returning all papers to the clerk of the United States district court at Rutland and the proceedings dismissed. These cases apply to petitions of Clayton R. Cole of Williams-town, Kenneth McDonald of Barre, and Myron W. Hayes, formerly of Northfield and Montpelier, but now of Waterbury. In neither of these cases did the bankrupt apply for discharge within the given length of time and they gain nothing by any proceedings. Since Mr. Thierault was appointed referee there have been only four cases disposed of in this manner, three occurring Monday. Each petitioner is given one year from the date he files his petition to make application for discharge, and failing to do so gains nothing in the proceedings taken.

**"CHURCH OF HOLY PETROLEUM."**

Monnett Scores the Methodists for Their Attitude.

New York, Nov. 4.—"The Methodist church has laid itself out to be called 'The Church of Holy Petroleum,'" thus Frank S. Monnett, who was appointed a special attorney by President Roosevelt, for the prosecution of the Standard Oil company, began an address to the Methodist preachers at their Monday meeting. Mr. Monnett is a trustee of the Methodist Wesleyan university in Ohio, and is in this city on business connected with that institution. He continued:

"The anas Methodists, Ohio Congregationalists and the Pennsylvania Dutch Reformed were robbed of their oil, coal and iron lands, making men, women and children by millions pay 100 to 300 per cent. more for cook-stoves, hardware, coal and kerosene than open, normal competition would effect. As a Methodist, son and grandson of Methodists, I want to protest against the receiving of stolen goods, under the plea of sanctity, and the exonerating of international kleptomania."

**TO HUNT WITH TAFT.**

Rumor That President Will Go After the Election.

Washington, Nov. 4.—There is an unconfirmed report in Washington that President Roosevelt is considering the advisability of joining William H. Taft at Asheville, N. C., now the election is over, probably about Thanksgiving, for a hunting trip. He has already indicated that he will not go to Pine Knot, Va., Thanksgiving, where he has had such poor luck in his search for game. Game is reported to be plentiful around Asheville.

The president has received several invitations to hunt in North Carolina, but up to this time has been unable to accept any of them. Mr. Taft has chosen a place to rest when he can be free from the intrusion of politicians. Of course these plans may be disarranged if Mr. Bryan's political forecast proves correct.

**HAVE PLENTY OF FOOD.**

Arctic Explorers Saved From Starvation.

New York, Nov. 4.—The anxiety of the authorities of the American Museum of Natural History regarding the explorers of the Stefansson-Anderson Arctic expedition, who at last reports were short of supplies in the Arctic regions, has been relieved by news from Point Barrow, Alaska, that plenty of food had been secured.

Stefansson wrote that he had chartered a small sloop, and loaded with supplies, had started east. His plan now is to go back to Herschel Island and make connections with the rest of the party. Dr. R. M. Anderson and the Esquimaux, planning to spend the winter in the Colville river district, west of Flaxman Island.

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 5 to 14 days or money refunded. 50c.

**PUBLIC DEBT GROWS**

Increases for Month of October \$8,511,975

**GOVERNMENT RECEIPTS**

Again Less Than Expenditures—Plans of Treasury to Meet the Situation—It Will Redeem \$14,000,000 3 Per Cent Certificates

Washington, Nov. 4.—The comparative statement of the government receipts and expenditures for October, 1908, shows an increase in receipts of \$1,000,000 and an increase in expenditures of \$7,000,000, as compared with September, 1908. This increase in expenditures, however, is due entirely to the payment to the post office department of \$7,000,000 on account of the quarterly deficit in the postal revenues.

The total receipts for the month were \$49,317,724 and the expenditures \$60,038,762, leaving a deficit for the month of \$10,720,938. The increase in the public debt during October, less cash in the treasury, was \$8,511,975. The monthly statement of the public debt shows that at the close of business Oct. 31, 1908, the debt, less cash in the treasury, amounted to \$976,775,625, which is an increase for the month of \$8,511,975.

To Redeem \$14,000,000 Certificates. After referring to the treasury deficit of \$44,000,000 for four months of the present fiscal year, the November circular of the National City bank of New York calls attention to the likelihood of financial plans of the treasury to meet the situation. On Nov. 20 next the treasury will redeem the outstanding \$14,000,000 certificates of indebtedness issued as a panic relief measure a year ago. The probability of a Panama bond is discussed.

FOR POWER PLANT. Great Dam Will Be Built in Essex Junction. Essex Junction, Nov. 3.—This little village is to have one of the greatest electric powers in New England. Active preparations for the development of the power on the Winooski river
